

Words to live by

carry rabbit's feet
toss coins in shopping mall ponds
sneeze three times before breakfast
look at the new moon over your right shoulder
spill your wine
knock on wood
let the frogs in
watch the spiders spin
listen to the crickets sing
cut your hair in the middle of a storm
walk in the rain
sleep on un-ironed bed sheets
step over the cracks in the sidewalk
carry an acorn
find a piece of coal
find a four leaf clover
see a penny, pick it up
pray to your god
or any god

because life
as you know it
can be over
just
 like
 that

and don't you
want to be able
to say
you tried
everything?
